SUDANESE PLATOONS AT KHARTOUM MUTINY

RUSH BRITISH HOSPITAL AND KILL SEVERAL

BRITISH TROOPS REPLIED WITH VOLLEY FIRED INTO NATIVE RANKS
SEVERE CASUALTIES SUFFERED IN TURN BY THE NATIVES

(By United Press)
Cairo, Nov. 28.—The Sudanese platoons at Khartoum mutinied today and rushed the British military hospital, killing British subjects and two Syrian doctors, according to advices from Khartoum.

British troops replied with a volley fired into the ranks of the native troops, who suffered severe casualties. A critical situation which arose Tuesday with the refusal of Egyptian troops to leave the Sudan had been relieved somewhat by the dispatch of orders by airplane instructing the troops to evacuate.

This stipulation was one of the original British demands following the assassination of Sir Lee Stack.

Lord Allenby on November 25 received a telegram from officers and men of the Egyptian artillery units at Khartoum flatly refusing to leave the Sudan, declaring they would die fighting, but would not leave except under orders from King Fuad.

The cabinet, under Ziwar Pasha, drafted a reply instructing the troops to leave.

SHEATSLEY BOY IS SUMMONED AND QUESTIONED

ASKED TO TELL AGAIN SCENE OF TRAGEDY IN FURNACE MYSTERY

ALIENIST INTRODUCED INTO THE COLUMBUS, OHIO, CASE

(By United Press)
Columbus, O., Nov. 28.—Clarence Sheatsley, 16, son of Mrs. Addie Sheatsley, whose partly cremated body was found in the furnace of the Bexley Lutheran parsonage a week ago last Monday night, was summoned to the office of Prosecutor John R. King for further questioning today.

Young Sheatsley was to be asked to tell again of the scene in the Sheatsley home on the day of the tragedy—how he peered into the furnace and thought he saw his mother's body but went out to the football field to "try to forget."

An alienist was introduced into the mystery for the first time today when Dr. R. C. Tarbell was asked to be present at the attorney's office and listen to the boy's review of his story.

The prosecutor and detectives read over copies of Clarence's former testimony to familiarize themselves with his story before re-examining him.

THREE ARE SENT TO LEAVENWORTH

GRIEB, TANK AND BERRY FOUND GUILTY IN FOOD CO. CONSPIRACY CASE

(By United Press)
Milwaukee, Nov. 28.—Edward Grieb, H. G. Tank and E. W. Berry, found guilty in connection with the Union Food Stores company conspiracy case November 8, were sentenced to seven years in the federal prison at Ft. Leavenworth by Judge F. W. Geiger in federal court here today.

The three men were found guilty on November 8 by a federal court jury on 18 counts of an indictment charging they were connected with the scheme to defraud in connection with the \$750,000 Union Food Stores company and Waukegan Tea company stock swindles.

Winona, Minn., Nov. 28.—London and a Spanish speaking station whose call letters were not understandable were picked up on a three-tube radio set here last night between 10 and 11 o'clock by Miss Margaret Miller, and France, PWX, Cuba also were heard.

BLOODY WAR RAGES AMONG RIVAL TONGS

CHINESE OF NEW YORK PICK UP GAGE OF BATTLE AFTER A SHORT ARMISTICE

FOUR MEN REPORTED KILLED AS THE TRUCE CAME TO AN END

(By United Press)
New York, Nov. 28.—Bloody warfare between rival Chinese gangs was resumed today, following expiration of the temporary peace pact arranged by Chinese diplomatic authorities and business men's organizations.

Four men were reported killed as the truce came to an end. An aged member of the Hip Sings was shot to death in his laundry in the Bronx. Two Chinese were reported killed in Hartford, Conn., and a fourth found dead in bed with a bullet wound in his head in Newburn, N. C.

Gunmen were also reported to have shot up a Chinese laundry in Schenectady, N. Y.

The man killed in the Bronx was Goag Ching Foo, shot down by a youthful Chinese gunman as he stood behind a counter in his laundry. The gunman also fired at Goag's son, who escaped by dropping to the floor.

BROADSIDE FIRED IN SCHENECTADY

Schenectady, N. Y., Nov. 28.—Quong Lee, owner of a laundry, and two other Chinese were fired at from a moving automobile which was filled with Chinese, but were uninjured. Lee and his helpers were said to be members of the On Leong tong.

TEN THOUSAND LAKES BODY TO MEET DEC. 11

DES MOINES LEADER TO ADDRESS ANNUAL MEETING OF LAKES BOOSTER ASSOCIATION

St. Paul, Nov. 26.—Henry L. Adams, former president of the Des Moines Chamber of Commerce, a leader in the work of the Greater Des Moines Committee and one of Iowa's best known orators, will deliver the feature address on the occasion of the eighth annual meeting of the Ten Thousand Lakes of Minnesota Association, which will be held in St. Paul, Thursday, December 11. Mr. Adams will speak at a noonday luncheon at the St. Paul Athletic club, to an audience composed of members of the Lakes Association and guests, the St. Paul Association and members of the state legislature.

The eighth annual meeting of the Ten Thousand Lakes of Minnesota Association is being billed as a red-letter event in the history of that organization. For the first time in its history the association will be clear of all indebtedness and officers and directors propose to celebrate this event. Invitations for this annual meeting are being sent to all members of the legislature, to all chambers of commerce and commercial clubs throughout the state, to resort and hotel owners and leaders in civic affairs. This will be the largest annual meeting in the history of the association.

Important plans for advertising Minnesota in 1925 will be developed at this meeting, the business sessions of which will be held in the Mar-

FRANCE WISHES AGREEMENT ON ITS WAR DEBTS

HERRIOT GOVERNMENT DESIRES UNDERSTANDING WITH THE UNITED STATES

CONCESSIONS MAY BE MADE ON INTEREST RATE AND DEBT ITSELF

(By United Press)
Paris, Nov. 28.—The Herriot government is favorably inclined to reach an agreement with the United States regarding France's war debt at the earliest possible moment, the United Press was informed authoritatively this afternoon.

M. Clemental, French commissioner of finance, had charged Jules Jusserand, ambassador at Washington, to take up the matter with Secretary of the Treasurer Mellon, especially with regards to the rate of interest.

M. Clemental pointed out that Jusserand's talks with Mellon will not have the character of official negotiations. He said that the French ambassador at Washington already had found the American secretary of the treasury disposed to make concessions regarding the interest rate and the debt itself.

CAUCUS VOTES TO METE OUT PUNISHMENT

SENATE REPUBLICANS CONSIDER CASES OF "ERRANT REPUBLICANISM"

BOB LA FOLLETTE, BROOKHART, LADD AND FRAZIER ARE TARGETS

Washington, Nov. 28.—Senate republicans today voted in caucus to punish Senators LaFollette, Wisconsin, Brookhart, Iowa, Ladd, North Dakota, and Frazier, North Dakota, for their errant republicanism.

After electing Senator Charles E. Curtis of Kansas City as majority floor leader to succeed the late Senator Henry Cabot Lodge and naming Senator James Watson, Indiana, as his assistant, the caucus passed a resolution to bar the four progressive senators from any further caucuses.

It also voted not to consider these four in filling future committee vacancies.

This action is considered little short of ousting Senator LaFollette and his three supporters from the republican party.

quette Room at the Ryan hotel, beginning at 9:30 o'clock Thursday evening. The annual election of officers and directors will take place Thursday afternoon.

The program for the annual meeting was discussed during the past week at several conferences held at the headquarters of the Ten Thousand Lakes Association at the Ryan hotel in St. Paul. Among those who participated in the conference were R. R. Wise of Brainerd, president of the organization; E. T. Winship of Owatonna, vice president; A. D. Darge of St. Paul, vice president, and H. C. Hotelling of St. Paul, executive secretary.

"It is going to be the liveliest, most resultful annual meeting in the entire history of the Ten Thousand Lakes Association," said H. C. Hotelling, following the last of these conferences. "Early reports indicate the largest attendance at any previous annual meeting. The Association program for 1925 concerns every community in the state, and we have asked every community to have at least one representative on hand for this meeting."

An interesting feature of the meeting at the Marquette Room will be an exhibit of pictures, publicity and advertising put across by the Lakes Association this year.

WILL OF LATE PRESIDENT'S WIFE FILED FOR PROBATE

Marion, O., Nov. 28.—The will of the late Florence Kling Harding, widow of President Warren G. Harding, was filed for probate here today.

Cash bequests in excess of \$50,000 are distributed generously among her relatives and close friends. No complete estimate of the value of the estate is yet available.

CONSPIRACY CHARGE JUST MELTS AWAY

JURY IN SENSATIONAL "MR. A." CASE GIVES ITS VERDICT

EXONERATES CHARLES ROBINSON, LONDON BOOK-MAKER

(By United Press)
London, Nov. 28.—The jury in the sensational "Mr. A." case decided today that Charles Robinson, a book-maker, was not a party to the conspiracy whereby a prominent Indian potentate was persuaded to pay \$750,000 to keep his relations with Mrs. Robinson from becoming known publicly.

The jury declared there was a scheme to catch "Mr. A." as the rajah was known during the case and Mrs. Robinson together with a view of getting money from the prince.

It also declared that Mrs. Robinson was not a party to the conspiracy. When this was announced, Justice Darling, who presided over the case, decided it would be necessary to put further questions to the jury.

JURY ANSWERS ALL 6 QUESTIONS

London, Nov. 28.—The amazing case of "Mr. A." came to an end today as far as the public is concerned when the jury returned answers to six questions put by Justice Darling exonerating Charles Robinson and his wife from conspiracy to obtain money from the Indian potentate and was discharged. The judge announced he would hear legal arguments on the jury's answers at some later date in private.

It remains for opposing counsel to argue whether the Midland Bank of London, defendant in the \$625,000 suit brought by Robinson, must pay the sum to the plaintiff. The judge will give his verdict in about a fortnight.

RUSSIA IN TWO NOTES TO GREAT BRITAIN

DEPRECATES REJECTION OF ANGLO-RUSSIAN TREATIES

SECOND NOTE REITERATED THAT ZINOVIEV LETTER WAS A FORGERY

(By United Press)
London, Nov. 28.—Russia today notified Great Britain that the soviet government cannot accept responsibility for the feeling of discontent which the rejection of the Anglo-Russian treaties will cause in both countries.

Two Russian notes were delivered at the foreign office this afternoon, the first expressing regret at the rejection of the treaties and adding the repudiation of responsibility.

The second note reiterated that the Zinoviev letter is an "undoubted forgery," and refused to accept "unproven allegations" of the British government that the note is genuine.

RICE COUNTY GRAND JURY FILES REPORT

MADE EXTENSIVE INVESTIGATION OF COUNTY FINANCES

ORIGINAL REPORT MADE BY THE STATE PUBLIC EXAMINER

(By United Press)
Faribault, Minn., Nov. 28.—Sensational developments are promised for tomorrow when Judge Fred W. Senn releases the report of the Rice county grand jury on its investigation of county finances as reported by Garfield W. Brown, state public examiner.

Brown was criticized severely for some of his statements by Lucius A. Smith, county attorney.

The grand jury completed its work early Thanksgiving morning and handed it to Judge Senn today. The Brown report alleged irregular handling of county funds, mostly in connection with the road-building program.

In his reply to Brown, County Attorney Smith declared many instances that had been looked upon as irregular in the examiner's report were merely steps to promote efficiency and to meet current demands upon county funds. Actual savings of cash were accomplished in many instances by efficient handling of funds, Smith pointed out.

NOAH'S ARK DESIGNATED A "BARGE," GARDEN OF EDEN A "PARK"

CITY OF DAVID HAS BEEN DUBBED "DAVIDSBURG"

(By United Press)
New York, Nov. 28.—Noah's ark is a "barge," the Garden of Eden a "park," the city of David, Davidsburg in the new translation of the Old Testament just completed by Dr. James Moffatt of Glasgow, Scotland.

The announced effort of Dr. Moffatt is to reduce the Old Testament to language that will be understood in 1924. The author, who holds many titles, holds that the Old Testament in the King James version, couched in the language of 1611, is not clear in 1924. He advocates a re-translation of the Bible for every generation in the language of that generation.

The latest Moffatt work is not a preface or a revision of the accepted King James revision of the Scriptures but a new translation from the original manuscript. It is an interpretation both exact and idiomatic, intended for the Twentieth century, he says.

HELD BY POLICE WHEN CAR CRASH KILLS A MAN

(By United Press)
Minneapolis, Nov. 28.—Peter Halseth was held without charge by police after an automobile crash yesterday in which Russell Bailey, 24, received injuries that caused his death an hour later. Cars driven by Halseth and Elmer Wanger collided and overturned. Bailey was a passenger in Wanger's car.

Frank Kramer was killed and Walter Lockway seriously injured when the car in which they were riding crashed into a bridge pillar in St. Paul.

Seven others were injured in automobile accidents Thanksgiving day.

CLEVELAND TRUST COMPANY ROBBED OF \$22,000 CASH

Cleveland, O., Nov. 28.—Five handits entered the Madison Heights branch of the Cleveland Trust company here today, held up A. R. Andress, cashier, and several patrons, and escaped in an automobile with about \$22,000.

PLAIN GRIT SEALS LIPS OF TEXAS BOY

"I WON'T SQUEAL," SAID LOUIS YOUNGER, AS HE PASSED AWAY

THEORY IS THAT LAD WAS SHOT IN A GUN DUEL IN ST. PAUL

(By United Press)
St. Paul, Nov. 28.—Just plain grit sealed the lips of Louis Younger, 19-year old Texas boy, who died at St. Luke's Hospital from a mysterious bullet wound.

"I won't squeal," he whispered as he closed his eyes for the last time and his nurse bent low to hear. It was the first word he uttered that contradicted his story of accidentally wounding himself when he came to the hospital two weeks ago. Physicians found no powder burns on his clothing and had never believed the story. When they pressed him with questions he refused to talk.

The theory now is that Younger was shot in a gun duel and was wounded by someone he knew and feared. Authorities so far have failed in attempts to communicate with his father in Galveston, Tex., and his mother in San Antonio.

RADIO SHOW OPENS IN MINNEAPOLIS

THIRTY THOUSAND VISITORS EXPECTED TO SEE EXHIBITS IN WEST HOTEL

Minneapolis, Nov. 26.—The north-west radio show opened here yesterday at the West Hotel.

More than 30,000 persons are expected to attend the show during the remainder of the week.

Dealers' day had a turkey luncheon for out-of-town dealers as one of the big features. The luncheon was held at the West Hotel at noon.

Today is St. Paul day, with a special talk by Foster Hannaford, St. Paul member of the board of control of the Gold Medal radio station, WCCO, arranged.

Jansky to Speak
The show is open to dealers only from 10 a. m. to noon, and to the public afternoons and evenings.

The big event of yesterday was a speech at noon by Prof. C. M. Jansky of the University of Minnesota engineering department's foremost northwest radio authority, on "The Future of Radio."

During the week WCCO will broadcast programs from a specially built glass enclosed studio at the show. Every kind of program put on the air by the Gold Medal station will be sent out from this studio, within view of visitors to the show.

A Lightning Question

"Heat lightning" is merely the reflection of thunderstorms too far distant to be audible, says Nature Magazine. Whether silent glow-like discharges of lightning actually occur in the sky in some cases or whether on the contrary, all apparent "sheet lightning" is the reflection of "streak lightning" is an unsettled question.

MANY FISHING SMACKS ARE LOST AT SEA

FRENCH STEAMER MALTE DISABLED WITH 60 PASSENGERS ABOARD

17 DROWNED WHEN LIFEBOAT OF BRITISH STEAMER WAS SWAMPED

(By United Press)
Nine lives have been lost in a terrific storm which is sweeping the French coast, many fishing smacks having been lost at sea, and the French steamer Malte is disabled near Yeu Island with 60 passengers aboard.

Several vessels have put out to the aid of the Malte, which is drifting with disabled engines and flooded furnaces. First information from the steamer, which plies between Havre and Buenos Aires, was that no lives were lost.

London, Nov. 28.—The British steamer Harley was caught in the gales and storms that swept the Channel coast yesterday. The steamer's crew took to lifeboats, one of which sank, 17 being drowned and two saved.

O. A. NYSTUL GETS NEWS AS THE FAMILY LISTENS IN ON RADIO

WINNIPEG STATION BULLETINS HEARD AT GOODRICH, MINN.

(By United Press)
Goodrich, Minn., Nov. 28.—At the end of the Thanksgiving feast when all the family were gathered around a radio set, news came to O. A. Nystul that his daughter Ingeborg had been carried away by Chinese bandits from Juchow, China.

From the Winnipeg station CAY newspaper bulletins were heard.

"Chinese bandits have captured two women missionaries in Juchow, China," the radio broadcaster said, "the Misses Elizabeth Berglund, Hopkins, Minn., and Ingeborg Nystul, Goodrich, Minn. They were the only two women captured of the 27 with the mission."

Headpieces were dropped as Nystul and his wife looked agast at each other.

"My baby," moaned Mrs. Nystul. Then there was a scramble to the telephone to secure more information of the tragedy that turned Thanksgiving day into darkness.

DOUBLE LIABILITY OF STOCKHOLDERS

REVISION OF SAME CONSIDERED BY STATE BAR ASSOCIATION

St. Paul, Nov. 28.—A law which would release stockholders in mercantile enterprises from double liability was considered today by the Minnesota State Bar association. The measure may be taken before the legislature.

Simplification of legal procedure and an amendment to the state constitution also were to be discussed at the bar meeting. Sessions will continue tomorrow and it is likely the association will be incorporated. This would remove it from control of the Supreme Court. The association then would be entirely self-governing.

More than 300 members of the association were expected to attend the sessions.

SHEATSLEY BOY IS SUMMONED AND QUESTIONED

ASKED TO TELL AGAIN SCENE OF TRAGEDY IN FURNACE MYSTERY

ALIENIST INTRODUCED INTO THE COLUMBUS, OHIO, CASE

(By United Press)
Columbus, O., Nov. 28.—Clarence Sheatsley, 16, son of Mrs. Addie Sheatsley, whose partly cremated body was found in the furnace of the Bexley Lutheran parsonage a week ago last Monday night, was summoned to the office of Prosecutor John R. King for further questioning today.

Young Sheatsley was to be asked to tell again of the scene in the Sheatsley home on the day of the tragedy—how he peered into the furnace and thought he saw his mother's body but went out to the football field to "try to forget."

An alienist was introduced into the mystery for the first time today when Dr. R. C. Tarbell was asked to be present at the attorney's office and listen to the boy's review of his story.

JURY IN SENSATIONAL "MR. A." CASE GIVES ITS VERDICT

EXONERATES CHARLES ROBINSON, LONDON BOOK-MAKER

(By United Press)
London, Nov. 28.—The jury in the sensational "Mr. A." case decided today that Charles Robinson, a book-maker, was not a party to the conspiracy whereby a prominent Indian potentate was persuaded to pay \$750,000 to keep his relations with Mrs. Robinson from becoming known publicly.

The jury declared there was a scheme to catch "Mr. A." as the rajah was known during the case and Mrs. Robinson together with a view of getting money from the prince.

It also declared that Mrs. Robinson was not a party to the conspiracy. When this was announced, Justice Darling, who presided over the case, decided it would be necessary to put further questions to the jury.

Two Russian notes were delivered at the foreign office this afternoon, the first expressing regret at the rejection of the treaties and adding the repudiation of responsibility.

The second note reiterated that the Zinoviev letter is an "undoubted forgery," and refused to accept "unproven allegations" of the British government that the note is genuine.

RICE COUNTY GRAND JURY FILES REPORT

MADE EXTENSIVE INVESTIGATION OF COUNTY FINANCES

ORIGINAL REPORT MADE BY THE STATE PUBLIC EXAMINER

(By United Press)
Faribault, Minn., Nov. 28.—Sensational developments are promised for tomorrow when Judge Fred W. Senn releases the report of the Rice county grand jury on its investigation of county finances as reported by Garfield W. Brown, state public examiner.

Brown was criticized severely for some of his statements by Lucius A. Smith, county attorney.

The grand jury completed its work early Thanksgiving morning and handed it to Judge Senn today. The Brown report alleged irregular handling of county funds, mostly in connection with the road-building program.

In his reply to Brown, County Attorney Smith declared many instances that had been looked upon as irregular in the examiner's report were merely steps to promote efficiency and to meet current demands upon county funds. Actual savings of cash were accomplished in many instances by efficient handling of funds, Smith pointed out.

Minneapolis, Nov. 26.—The northwest radio show opened here yesterday at the West Hotel.

More than 30,000 persons are expected to attend the show during the remainder of the week.

Dealers' day had a turkey luncheon for out-of-town dealers as one of the big features. The luncheon was held at the West Hotel at noon.

Today is St. Paul day, with a special talk by Foster Hannaford, St. Paul member of the board of control of the Gold Medal radio station, WCCO, arranged.

Jansky to Speak
The show is open to dealers only from 10 a. m. to noon, and to the public afternoons and evenings.

The big event of yesterday was a speech at noon by Prof. C. M. Jansky of the University of Minnesota engineering department's foremost northwest radio authority, on "The Future of Radio."

During the week WCCO will broadcast programs from a specially built glass enclosed studio at the show. Every kind of program put on the air by the Gold Medal station will be sent out from this studio, within view of visitors to the show.

A Lightning Question
"Heat lightning" is merely the reflection of thunderstorms too far distant to be audible, says Nature Magazine. Whether silent glow-like discharges of lightning actually occur in the sky in some cases or whether on the contrary, all apparent "sheet lightning" is the reflection of "streak lightning" is an unsettled question.

MANY FISHING SMACKS ARE LOST AT SEA

FRENCH STEAMER MALTE DISABLED WITH 60 PASSENGERS ABOARD

17 DROWNED WHEN LIFEBOAT OF BRITISH STEAMER WAS SWAMPED

(By United Press)
Nine lives have been lost in a terrific storm which is sweeping the French coast, many fishing smacks having been lost at sea, and the French steamer Malte is disabled near Yeu Island with 60 passengers aboard.

Several vessels have put out to the aid of the Malte, which is drifting with disabled engines and flooded furnaces. First information from the steamer, which plies between Havre and Buenos Aires, was that no lives were lost.

London, Nov. 28.—The British steamer Harley was caught in the gales and storms that swept the Channel coast yesterday. The steamer's crew took to lifeboats, one of which sank, 17 being drowned and two saved.

DAUGHTER IS TAKEN BY THE CHINESE BANDITS

O. A. NYSTUL GETS NEWS AS THE FAMILY LISTENS IN ON RADIO

WINNIPEG STATION BULLETINS HEARD AT GOODRICH, MINN.

(By United Press)
Goodrich, Minn., Nov. 28.—At the end of the Thanksgiving feast when all the family were gathered around a radio set, news came to O. A. Nystul that his daughter Ingeborg had been carried away by Chinese bandits from Juchow, China.

From the Winnipeg station CAY newspaper bulletins were heard. "Chinese bandits have captured two women missionaries in Juchow, China," the radio broadcaster said, "the Misses Elizabeth Berglund, Hopkins, Minn., and Ingeborg Nystul, Goodrich, Minn. They were the only two women captured of the 27 with the mission."

Headpieces were dropped as Nystul and his wife looked aghast at each other.

"My baby," moaned Mrs. Nystul. Then there was a scramble to the telephone to secure more information of the tragedy that turned Thanksgiving day into darkness.

DOUBLE LIABILITY OF STOCKHOLDERS

REVISION OF SAME CONSIDERED BY STATE BAR ASSOCIATION

St. Paul, Nov. 28.—A law which would release stockholders in mercantile enterprises from double liability was considered today by the Minnesota State Bar association. The measure may be taken before the legislature.

Simplification of legal procedure and an amendment to the state constitution also were to be discussed at the bar meeting. Sessions will continue tomorrow and it is likely the association will be incorporated. This would remove it from control of the Supreme Court. The association then would be entirely self-governing.

More than 300 members of the association were expected to attend the sessions.

ATHLETIC PARK

REPORT MADE

Special Committee Headed by J. P. Anderson Gathers Contributions of Close to \$1,100

J. P. ANDERSON, CHAIRMAN

Chamber of Commerce Gives Mr. Anderson and Associates Vote of Thanks

A total of \$1,099.95 was collected by a special committee of the Chamber of Commerce headed by J. P. Anderson for the construction of the Brainerd athletic park the past season, as disclosed in a detailed report of that committee, submitted at the regular meeting of the Chamber on Wednesday evening. This report will be published in the Dispatch.

On motion the athletic park committee was given a vote of thanks for its successful management of the park campaign and the president of the Chamber was authorized to appoint a committee to devise means by which additional funds may be raised during the winter so that further improvements may be made in the athletic park.

Prof. W. C. Cobb expressed the appreciation of the high school boys for the many courtesies extended by Mr. Anderson's committee during the fall season that has just closed.

A letter was read from F. W. Graham of Bemidji, relative to establishing a box and crating manufacturing plant in Brainerd. It was moved and carried that a special committee be appointed to investigate the possibilities of such an enterprise. Mons Mahlum was made chairman of this committee which will communicate with Mr. Graham as soon as possible.

This factory, according to Mr. Graham's plans, would be a four or five saw plant, with a capacity of approximately a carload a day. Electricity would be used as power and a day and night shift of employees would be operated. Such a plant would need four or five acres of ground to take care of the buildings and provide for storage of lumber, with railway trackage, etc., in Mr. Graham's estimation.

A communication was read from the Ten Thousand Lakes of Minnesota association, announcing the eighth annual meeting of that organization to be held in the Mar-

quette room, Ryan hotel, St. Paul, on Thursday, Dec. 11th.

An outline of this annual meeting was given in the letter received and promises much in the way of instruction and publicity for Minnesota's playground region. On motion it was decided that the Brainerd Chamber of Commerce should be represented at this meeting and Henry I. Cohen was named as delegate.

President F. H. Gruenhagen of the Chamber announced his election committee, which is as follows: R. R. Gould, John A. Hoffbauer, W. D. McKay, William Nelson and Frank C. Hall. The nomination of candidates for the coming year's officers will be made at the next regular meeting of the Chamber, on Dec. 10th, and the annual election of officers will take place at the meeting following on Dec. 24th. The installation of these officials will be made at the first meeting in the new year.

KYLLO SOCIAL

AT FARM HOME

Proceeds of Same Saturday Night for Salary Fund of Red Cross Nurse

PUBLIC IS INVITED

Program Arranged and Light Refreshments Will be Served

Mrs. C. H. Kyllö will give a social at her farm home six miles east on Oak street and one mile south, in Nokay Lake township on Saturday evening, to which the general public is invited to attend.

A program has been arranged and light refreshments consisting of cake and coffee will be served.

Mrs. Kyllö states that she with many other farm people in her neighborhood, appreciate the great work that has been accomplished throughout the county by the Red Cross nurse, Miss Thora Ingebritson, and the proceeds of Saturday night's social will be used toward the salary of the nurse.

The hostess hopes that many from Brainerd will be in attendance and promises a very pleasant evening for all who are present.

I. U. White, One of Oldest Residents of City, Said City Had Many 54 Years Ago

MISSIONARIES NUMEROUS

Preached Gospel in the Old Immigrant House in West Brainerd

I. U. White, one of the oldest residents of Brainerd, who came here in 1871, states that there were adequate church facilities here fifty-four years ago, to his knowledge.

Mr. White asserts that the winter previous to his coming to Brainerd, or in the year 1870, missionaries were already preaching the gospel in the old immigrant house that stood where the former Northern Pacific hospital was located in West Brainerd. This house was erected by the railway company to house their employees who were building the road west.

The year Mr. White arrived in the city the Episcopalians were conducting regular services in a long shanty on the west bank of the Mississippi river about where the railroad bridge now crosses that stream.

Mr. White also knows of a number of early missionaries to Crow Wing county in the early days and takes exception to the statements of Webb G. Welborne in his recent article published in a radio magazine.

Pretty Women

wherever you look in France

By Edna Wallace Hopper

In Paris, nearly every girl is beautiful. Nearly every woman, whatever her age, looks young.

That is because French women have demanded youth and beauty. And French scientists met that demand.

I found there most of my beauty helps. I make frequent trips there to find out the new ones. They multiplied my beauty and they've kept my youthful bloom. Thousands who see me daily on the stage wonder at the marvelous results.

Now all those helps are at your call. All toilet counters have them. In four preparations are combined 52 ingredients. So you may use the best I've found in 40 years of searching.

My Youth Cream

My Youth Cream is a remarkable creation, combining many factors. It contains products of both lemon and strawberry. Also all of the best helps science gave me to foster and protect the skin.

It comes in two types—cold cream and vanishing. I use it as a night cream, also daytimes as a powder base. Never is my skin without it. My velvet complexion shows what that cream can do.

The cost is 60c per jar.

My Facial Youth is a liquid cleanser which I also owe to France. Great beauty experts the world over now advise this formula, but their price is too high for most women.

It contains no animal, no vegetable fat. The skin cannot absorb it. So

it cleans to the depths, then departs. All the dirt, grease, grime and dead skin come out with it. My Facial Youth will bring you new conceptions of what a clean skin means. The cost is 75c.

White Youth Clay

A new-type clay, white, refined and dainty. Vastly different from the crude and muddy clays so many have employed. The final result of 20 years of scientific study.

It purges the skin of all that clogs and mars it. Removes the causes of blackheads and blemishes. Brings a rosy afterglow which amazes and delights. Combats all lines and wrinkles, reduces enlarged pores.

No girl or woman can afford to omit it. It multiplies beauty. And many women seem to drop ten years after one application. My White Youth Clay costs 50c and \$1.

My Hair Youth

The cause of my luxuriant hair, thick and silky, finer far than 40 years ago. I have never had falling hair or dandruff, and never a touch of gray.

A concentrated product combining many ingredients. I apply it with an eyedropper directly to the scalp. There it combats all the stiff hair roots. It tones and stimulates. No man or woman will omit it when they see what Hair Youth does. The cost is 50c and \$1 with eyedropper.

All druggists and toilet counters supply Edna Wallace Hopper's beauty helps. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.—Advt.

ATHLETIC PARK REPORT MADE

Special Committee Headed by J. P. Anderson Gathers Contributions of Close to \$1,100

J. P. ANDERSON, CHAIRMAN

Chamber of Commerce Gives Mr. Anderson and Associates Vote of Thanks

A total of \$1,099.95 was collected by a special committee of the Chamber of Commerce headed by J. P. Anderson for the construction of the Brainerd athletic park the past season, as disclosed in a detailed report of that committee, submitted at the regular meeting of the Chamber on Wednesday evening. This report will be published in the Dispatch.

On motion the athletic park committee was given a vote of thanks for its successful management of the park campaign and the president of the Chamber was authorized to appoint a committee to devise means by which additional funds may be raised during the winter so that further improvements may be made in the athletic park.

Prof. W. C. Cobb expressed the appreciation of the high school boys for the many courtesies extended by Mr. Anderson's committee during the fall season that has just closed.

A letter was read from F. W. Graham of Bemidji, relative to establishing a box and crating manufacturing plant in Brainerd. It was moved and carried that a special committee be appointed to investigate the possibilities of such an enterprise. Mons Mahlum was made chairman of this committee which will communicate with Mr. Graham as soon as possible.

This factory, according to Mr. Graham's plans, would be a four or five saw plant, with a capacity of approximately a carload a day. Electricity would be used as power and a day and night shift of employees would be operated. Such a plant would need four or five acres of ground to take care of the buildings and provide for storage of lumber, with railway trackage, etc., in Mr. Graham's estimation.

A communication was read from the Ten Thousand Lakes of Minnesota association, announcing the eighth annual meeting of that organization to be held in the Mar-

quette room, Ryan hotel, St. Paul, on Thursday, Dec. 11th.

An outline of this annual meeting was given in the letter received and promises much in the way of instruction and publicity for Minnesota's playground region. On motion it was decided that the Brainerd Chamber of Commerce should be represented at this meeting and Henry I. Cohen was named as delegate.

President F. H. Gruenhagen of the Chamber announced his election committee, which is as follows: R. R. Gould, John A. Hoffbauer, W. D. McKay, William Nelson and Frank C. Hall. The nomination of candidates for the coming year's officers will be made at the next regular meeting of the Chamber, on Dec. 10th, and the annual election of officers will take place at the meeting following on Dec. 24th. "WHY BRAINERD IS AGITATED"

UNDER the heading, "Why Brainerd Is Agitated," the Minneapolis Tribune of Thursday ran this editorial on Brainerd, anent the recent furor created because of alleged lack of religion broadcast to the world by a radio magazine:

Any Minnesotan or tourist who has been in the comely city of Brainerd, Minn., with its 10,000 population would not think of the place as outside the pale of up-to-date American civilization, and yet one might think so if he relied wholly on what a writer for a radio publication has set down in black and white.

This publicist, taking his cue from a letter written by an unstatic resident near Brainerd to a Cincinnati clergyman, referred to Brainerd as an "isolated little city of the northwoods" where sacred music is not to be heard save by radio. He had read too much into or out of the letter and jumped at conclusions, a statement of which in cold type naturally has set the good townspeople of Brainerd by the ears.

It seems to be the composite judgment of Brainerd folk that the indictment was based on sufficient information rather than that it was a product of malice, but the publication hurts just the same, and why shouldn't it?

The Tribune is not a press agent or a special pleader for Brainerd, but it will say for it here that a city which has 19 churches of various denominations with modernly appointed equipment is not to be classed as one needing to get its sacred music from Cincinnati or any other radio-broadcasting headquarters.

Brainerd, we would have the world know, has in addition to its 19 churches a good public school system, a public library of 3,000 volumes, a sizable Y.M.C.A. headquarters, three hospitals, three banks, one daily and three weekly newspapers, a railroad station and a courthouse costing a quarter of a million dollars each, paved streets and fine parks. It is the nerve center of the Crow Wing County Garden Flower society, the first and only organization of its kind in the Northwest, and possibly the first and only one in the United States.

Who can say that Brainerd, with all these community assets and others that might be mentioned, is out on the frontier and in the wilderness, unhungered for the radio offerings that penetrate to it occasionally from "over the Rhine" in Cincinnati? Who can infer that it is religiously benighted, and a fertile field for venturesome missionaries taking such risks as the pioneers took three-quarters of a century ago?

It might be helpful to radio publicists to be told that Crow Wing county gave Calvin Coolidge more votes than it gave to the other two candidates combined.

"GOD DIDN'T FORGET BRAINERD"

UNDER the heading, "God Didn't Forget Brainerd," the St. Paul Dispatch publishes an editorial also dealing with the alleged lack of religion in Brainerd as made public by a writer in a radio magazine. The editorial reads:

"Missionaries and more missionaries were being sent by the church year after year to China, India, Africa and other foreign lands to spread the gospel of Christianity. In all the years no religious emissary ever had been assigned to the remote little town of Brainerd."

So, says the writer in the Radio Digest, a Presbyterian pastor in Cincinnati, whose radio-cast sermons were received in the "isolation" of the upper pine forests of Minnesota was the missionary who ended the religious famine of Brainerd.

Brainerd, with its 10,000 persons and score or more of churches, probably has developed the most irreligious wrath in its history in explosive eagerness to answer that libel. But the weird injustice in the story is not done Brainerd, armed with so many lines of refutation that it scarcely knows where to start and stop—but to the church. Why should God and the church forget Brainerd when no other place was overlooked?

The answer is that, of course, they didn't. God and the church got there before Brainerd did. If the government dam-tender who started the story had gone to Gull Lake seventy-five years ago, "hungering for a morsel of spiritual stimulant," he would have found there a Rev. James Lloyd Breck, a Protestant Episcopal missionary, preaching the Word of God to the Chippewa and waiting for white men to arrive in greater numbers so he could preach it to them. Twenty years before that Rev. William Thurston Boutwell was bringing Christianity to the Pillager band of Indians in the still more remote wilderness about Leech Lake. "The churchless little community of Brainerd," like St. Paul with its Father Galtier, had churches before it was born.

SEARCH FOR SLAYER

AFTER a coroner's jury examining into the death of Mrs. Dean Wheeler of the extreme north woods of the state, had stated she had killed herself by accidentally falling on a butcher knife, the undertaker examined the body and found a long gash in the back of her head.

The authorities now believe that robbery was the motive that led to her murder while her husband was out cutting wood for the cabin they intended to build. Local authorities, Northwest mounted police and the radio have now been enlisted to track down and gain clues in this mystery death.

IN San Francisco, a motorist dazed by an overdose of snuff, was taken because he was breaking traffic laws while driving his car. The judge, when informed he had not been drinking, let him go as there seemed to be no penalty on snuff taking. This judge was not aware of the narcotic qualities in snuff when the same is chewed. The snuff has a terrific kick, we are told, when chewed and constant use enables a chewer to stow away an amount within his lower lip which juts out pouch-like like a kangaroo carrying her babe.

The "hit and run" play is perfectly legal in baseball, but it is an abomination when carried out by automobile drivers. "There scarcely can be a more despicable, cowardly creature than the driver who injures a person or damages another car and then scurries away," says the Minneapolis Tribune.

ONLY one member of the train crew which, 50 years ago, ran the first train into Grand Forks, is living today. At that time every station had a wood yard and wood was used to fuel the trains. Train traffic, in those days, used the same fuel as Mississippi steamboats.

IF Minnesota's election law can be amended so that polling places will close at 7 p. m. instead of 9 p. m., a lot of money will be saved in compiling returns and speedier results will be gained.

SOMETHING new in college buildings is proposed by the University of Pittsburgh which plans a 680 feet high structure, with 52 stories, 16 elevators and housing 12,000 students.

THE Baudette Region remarks that one trouble with some of the pupils of the Baudette school is that the midnight oil they burn is bought at the filling station.

"A COMMUNITY can prosper only by the support of its people," says the Milaca Tribune.

Spid Opinion Expressed Was Regarding Gull Lake
St. Paul, Nov. 26, 1924.
Editor Brainerd Dispatch,
Brainerd, Minn.

Dear Sir:—
Looking through the St. Paul Dispatch, I ran across the very excellent writeup by one of your Brainerd citizens and wish to announce that I do not believe such story is true.

I believe that my father, Mr. Mampel, expressed his opinion in regard to Gull Lake and not Brainerd as the paper states. If such is his opinion, I can heartily affix my signature to the same. After living in that country for any length of time, any right-minded person would undoubtedly think the same.

Perhaps you did not realize that your sarcastic newspaper story would go farther than Brainerd. You have my permission to publish this letter, but I don't think you will.

Sincerely,
EDYTHE MAMPEL.

Says Gull Lake Community Needs Churches.
St. Paul, Nov. 26, 1924.

Editor Brainerd Dispatch,
Brainerd, Minn.

Dear Editor:—
Reference is made to the article "Brainerd Aroused at Radio Fan's Story," appearing in this morning's Pioneer Press.
I was a resident of Brainerd at one

time myself, and I also, know about beautiful "Gull Lake," but do not know the "so-called" writer you speak of. I do know, after reading the article, that someone has misinterpreted the "so-called" writer's letter to Rev. Mr. McMillan, since it is absurd to think that reference was made to Brainerd at all and its churches. Mr. Mampel may have the address of "Brainerd," but he, by all means, does not live there—far from it. I personally know about the Gull Lake community, and I think it is a shame that there are no churches in that vicinity.

What a wonderful invention is the radio, and I think God put it on this earth for a good purpose. I attend church regularly, and really feel sorry for the people who love church, but are unable to attend because of the distance.

Sincerely,
AGNES MOORE,
611 Ashland Ave.

Existing Conditions

It is estimated there are 1,000,000 diabetics in the nation, and the condition is steadily increasing. Of the 22,000,000 school children in the nation, 15,500,000 are suffering from physical defects! Nearly half the nation is subnormal according to Secretary Weeks, resulting in an economic loss in excess of \$1,500,000,000 annually! The annual drug bill for the nation exceeds \$500,000,000! Constipation is so universal that it may be looked upon as the normal condition of civilized man! Defective teeth are so universal that that condition too may be looked upon as the normal condition of civilized man! What is responsible for these conditions affecting practically every civilized being? Surely and only a universal cause. The denatured food of civilization is at the root of it all. What shall we do to be saved? Obey the natural law—obey or perish.

"WHY BRAINERD IS AGITATED"

UNDER the heading, "Why Brainerd Is Agitated," the Minneapolis Tribune of Thursday ran this editorial on Brainerd, anent the recent furor created because of alleged lack of religion broadcast to the world by a radio magazine:

Any Minnesotan or tourist who has been in the comely city of Brainerd, Minn., with its 10,000 population would not think of the place as outside the pale of up-to-date American civilization, and yet one might think so if he relied wholly on what a writer for a radio publication has set down in black and white.

This publicist, taking his cue from a letter written by an unstatic resident near Brainerd to a Cincinnati clergyman, referred to Brainerd as an "isolated little city of the northwoods" where sacred music is not to be heard save by radio. He had read too much into or out of the letter and jumped at conclusions, a statement of which in cold type naturally has set the good townspeople of Brainerd by the ears.

It seems to be the composite judgment of Brainerd folk that the indictment was based on sufficient information rather than that it was a product of malice, but the publication hurts just the same, and why shouldn't it?

The Tribune is not a press agent or a special pleader for Brainerd, but it will say for it here that a city which has 19 churches of various denominations with modernly appointed equipment is not to be classed as one needing to get its sacred music from Cincinnati or any other radio-broadcasting headquarters.

Brainerd, we would have the world know, has in addition to its 19 churches a good public school system, a public library of 3,000 volumes, a sizable Y.M.C.A. headquarters, three hospitals, three banks, one daily and three weekly newspapers, a railroad station and a courthouse costing a quarter of a million dollars each, paved streets and fine parks. It is the nerve center of the Crow Wing County Garden Flower society, the first and only organization of its kind in the Northwest, and possibly the first and only one in the United States.

Who can say that Brainerd, with all these community assets and others that might be mentioned, is out on the frontier and in the wilderness, unhungry for the radio offerings that penetrate to it occasionally from "over the Rhine" in Cincinnati? Who can infer that it is religiously benighted, and a fertile field for venturesome missionaries taking such risks as the pioneers took three-quarters of a century ago?

It might be helpful to radio publicists to be told that Crow Wing county gave Calvin Coolidge more votes than it gave to the other two candidates combined.

"GOD DIDN'T FORGET BRAINERD"

UNDER the heading, "God Didn't Forget Brainerd," the St. Paul Dispatch publishes an editorial also dealing with the alleged lack of religion in Brainerd as made public by a writer in a radio magazine. The editorial reads:

"Missionaries and more missionaries were being sent by the church year after year to China, India, Africa and other foreign lands to spread the gospel of Christianity. In all the years no religious emissary ever had been assigned to the remote little town of Brainerd."

So, says the writer in the Radio Digest, a Presbyterian pastor in Cincinnati, whose radio-cast sermons were received in the "isolation" of the upper pine forests of Minnesota "was the missionary who ended the religious famine of Brainerd."

Brainerd, with its 10,000 persons and score or more of churches, probably has developed the most irreligious wrath in its history in explosive eagerness to answer that libel. But the weird injustice in the story is not done Brainerd, armed with so many lines of refutation that it scarcely knows where to start and stop—but to the church. Why should God and the church forget Brainerd when no other place was overlooked?

The answer is that, of course, they didn't. God and the church got there before Brainerd did. If the government dam-tender who started the story had gone to Gull Lake seventy-five years ago, "hungering for a morsel of spiritual stimulant," he would have found there a Rev. James Lloyd Breck, a Protestant Episcopal missionary, preaching the Word of God to the Chippewa and waiting for white men to arrive in greater numbers so he could preach it to them. Twenty years before that Rev. William Thurston Jontwell was bringing Christianity to the Pillager band of Indians in the still more remote wilderness about Leech Lake. "The churchless little community of Brainerd," like St. Paul with its Father Galtier, had churches before it was born.

SEARCH FOR SLAYER

AFTER a coroner's jury examining into the death of Mrs. Dean Wheeler of the extreme north woods of the state, had stated she had killed herself by accidentally falling on a butcher knife, the undertaker examined the body and found a long gash in the back of her head.

The authorities now believe that robbery was the motive that led to her murder while her husband was out cutting wood for the cabin they intended to build. Local authorities, Northwest mounted police and the radio have now been enlisted to track down and gain clues in this mystery death.

IN San Francisco, a motorist dazed by an overdose of snuff, was taken because he was breaking traffic laws while driving his car. The judge, when informed he had not been drinking, let him go as there seemed to be no penalty on snuff taking. This judge was not aware of the narcotic qualities in snuff when the same is chewed. The snuff has a terrific kick, we are told, when chewed and constant use enables a chewer to stow away an amount within his lower lip which juts out pouch-like like a kangaroo carrying her babe.

THE "hit and run" play is perfectly legal in baseball, but it is an abomination when carried out by automobile drivers. "There scarcely can be a more despicable, cowardly creature than the driver who injures a person or damages another car and then scurries away," says the Minneapolis Tribune.

ONLY one member of the train crew which, 50 years ago, ran the first train into Grand Forks, is living today. At that time every station had a wood yard and wood was used to fuel the trains. Train traffic, in those days, used the same fuel as Mississippi steamboats.

If Minnesota's election law can be amended so that polling places will close at 7 p. m. instead of 9 p. m., a lot of money will be saved in compiling returns and speedier results will be gained.

SOMETHING new in college buildings is proposed by the University of Pittsburgh which plans a 680 feet high structure, with 52 stories, 16 elevators and housing 12,000 students.

THE Baudette Region remarks that one trouble with some of the pupils of the Baudette school is that the midnight oil they burn is bought at the filling station.

"A COMMUNITY can prosper only by the support of its people," says the Milaca Tribune.

S'nd Opinion Expressed Was Regarding Gull Lake

St. Paul, Nov. 26, 1924.
Editor Brainerd Dispatch,
Brainerd, Minn.

Dear Sir:—
Looking through the St. Paul Dispatch, I ran across the very excellent writing by one of your Brainerd citizens and wish to announce that I do not believe such story is true. I believe that my father, Mr. Mampel, expressed his opinion in regard to Gull Lake and not Brainerd as the paper states. If such is his opinion, I can heartily affix my signature to the same. After living in that country for any length of time, any right-minded person would undoubtedly think the same.

Perhaps you did not realize that your sarcastic newspaper story would so far from Brainerd. You have my permission to publish this letter, but I don't think you will.

Sincerely,
EDYTHE MAMPEL.

Says Gull Lake Community Needs Churches.

St. Paul, Nov. 26, 1924.
Editor Brainerd Dispatch,
Brainerd, Minn.

Dear Editor:—
Reference is made to the article "Brainerd Aroused at Radio Fan's Story" appearing in this morning's Pioneer Press.
I was a resident of Brainerd at one

time myself, and I also, know about beautiful "Gull Lake," but do not know the "so-called" writer you speak of. I do know, after reading the article, that someone has misinterpreted the "so-called" writer's letter to Rev. Mr. McMillan, since it is absurd to think that reference was made to Brainerd at all and its churches. Mr. Mampel may have the address of "Brainerd," but he, by all means, does not live there—far from it. I personally know about the Gull Lake community, and I think it is a shame that there are no churches in that vicinity.

What a wonderful invention is the radio, and I think God put it on this earth for a good purpose. I attend church regularly, and really feel sorry for the people who love church, but are unable to attend because of the distance.

Sincerely,
AGNES MOORE,
611 Ashland Ave.

Existing Conditions

It is estimated there are 1,000,000 diabetics in the nation, and the condition is steadily increasing. Of the 22,000,000 school children in the nation, 16,500,000 are suffering from physical defects! Nearly half the nation is subnormal according to Secretary Weeks, resulting in an economic loss in excess of \$1,500,000,000 annually! The annual drug bill for the nation exceeds \$500,000,000! Constipation is so universal that it may be looked upon as the normal condition of civilized man! Defective teeth are so universal that that condition too may be looked upon as the normal condition of civilized man! What is responsible for these conditions affecting practically every civilized being? Surely and only a universal cause. The denatured food of civilization is at the root of it all. What shall we do to be saved? Obey the natural law—obey or perish.

INTEREST RATES
Commencing January 1, 1925

The continued low rates of interest, with no prospect of an early change, on high grade outside securities which are readily convertible into cash at any time, and which constitute a large percentage of the loans of our depositors' money as well as our own, and the further reduction of interest rates paid us on deposits with our City correspondents makes it necessary for us to again slightly reduce our interest rates, commencing January 1st, 1925, at which time we will pay the following rates:

Time Certificates, six or twelve months.....3%
Savings Accounts.....3%

The interest rate of three per cent on Savings Deposit balances as of December 31st, 1924, will become effective January 1st, 1925.

We hope that at no distant date the outside interest rates will return to a sufficiently normal basis so that it may be possible for us to make some increase to our depositors.

THANKSGIVING CHEER IS SPREAD

30 Destitute Families in Brainerd
Aided by Parent-Teachers and
School Children

BASKETS OF FOOD, CLOTHING

Supplies Received at City Hall Were
Apportioned and Distributed
to Needy Ones

About thirty destitute families in Brainerd had much for which to be thankful on Thursday through the efforts of the various Parent-Teachers' associations and the school children of the city.

Baskets of food and some clothing were distributed to these families on Wednesday afternoon and the spirit in which the articles were received more than repaid the donors for their efforts in providing the treat.

The matter of providing food and clothing to the poor of the city was begun in the various schools. The children brought many articles of food, vegetables, jellies, canned fruits and apples to school and the Parent-Teachers' associations purchased fresh meats from Swift & Co., which firm co-operated very liberally in the enterprise.

On Wednesday afternoon all of this food and the clothing that had been donated, were taken to the city hall where representatives from each parent-teachers association, with Mrs. Chester Thabes as chairman, made up the baskets and attended to their delivery. About twenty ladies assisted in this work, each one entering heartily into the spirit of the occasion.

Because of the generous donations which were greatly in excess of what had been anticipated, the committee was able to bring Thanksgiving cheer to many more families than was at first expected.

The various parent-teacher associations feel very grateful to all who responded so generously to this cause and who made possible a real Thanksgiving day for many families in the city.

Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.

MRS. MYRTLE CONLIFF DIED

Passed Away Wednesday at a Local
Hospital, Succumbing to
Complications

Mrs. Myrtle Conliff, wife of Bert Conliff, passed away on Wednesday at a local hospital, death being caused from complications.

Mrs. Conliff had long been a resident of Pequot, where she has many friends who will learn of her demise with sincere regret.

The deceased was born in Iowa, June 5th, 1877. She is survived by her husband and one daughter.

The funeral was held this Friday afternoon, in Pequot, and interment was made in the cemetery at that village.

Piano solo, "The Spinning Song," by William McClenahan.

Recitation, "When Father Carves the Duck," by Gerald Falkenreck.

Musical reading, "The Spirit of '76," by Iva M. Gaskill.

"The New America," by all.

FOLLOWERS OF GLEAM

Miss Kathryn Carmichael Named President, Miss Evelyn Wise Secretary

The Followers of the Gleam held their annual meeting on Saturday afternoon and the following officers were elected for the coming year:

President, Kathryn Carmichael. Vice President, Elizabeth Folsom. Secretary, Evelyn Wise.

Treasurer, Viola McKay.

The music committee will consist

of Margaret Springer, chairman, assisted by Kathryn Albright, Geneva Johnson and Vivian Bispham.

During the study of "Ming Kwong" which followed, China was shown as "The land of the shadow of death" until 1897, when light shone upon the people of Canton, directed by the first missionary, Robert Morrison, who had been sent out by the London Missionary Society.

By the treaty of Nanking, in 1842, five treaty ports were open to foreigners and in 1876 all China was likewise opened, thus giving wonderfully enlarged opportunities for mission work.

An instrumental solo, "Temple Bells," was well rendered by Kathryn Albright and the program closed with a short reading by Mrs. C. H. Long, which gave a description of the province of Szechwan, as portrayed by an intermediate boy of a mission school. Szechwan is the largest of China's 18 provinces, being about the size of France.

The work period was employed in sewing for hospital needs and closed with the serving of refreshments, after the usual manner.

The Gibbons Sisters recently played a number of the larger theatres in Minneapolis and St. Paul and come to Brainerd highly recommended.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. E. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

MRS. MYRTLE CONLIFF DIED

Passed Away Wednesday at a Local
Hospital, Succumbing to
Complications

Mrs. Myrtle Conliff, wife of Bert Conliff, passed away on Wednesday at a local hospital, death being caused from complications.

Mrs. Conliff had long been a resident of Pequot, where she has many friends who will learn of her demise with sincere regret.

The deceased was born in Iowa, June 5th, 1877. She is survived by her husband and one daughter.

The funeral was held this Friday afternoon, in Pequot, and interment was made in the cemetery at that village.

Diseases traced to constipation are many —get permanent relief with Kellogg's Bran

Why does constipation breed other diseases? Because it floods your system with dangerous poisons. And the longer you suffer, the more poisons accumulate. That is why constipation should be relieved at once.

Doctors recommend Kellogg's Bran, cooked and krumbled. They know it brings results because it is ALL bran. And only ALL bran can be 100 per cent effective in relieving constipation.

ALL bran — Kellogg's — sweeps, cleans and purifies the intestine. It acts as nature acts. It makes the intestine function naturally and regularly. If eaten regularly, it will bring permanent relief in the most chronic cases of constipation—is guaranteed

FOLLOWERS OF GLEAM

Miss Kathryn Carmichael Named President, Miss Evelyn Wise Secretary

The Followers of the Gleam held their annual meeting on Saturday afternoon and the following officers were elected for the coming year:

President, Kathryn Carmichael.

Vice President, Elizabeth Folsom.

Secretary, Evelyn Wise.

Treasurer, Viola McKay.

The music committee will consist

of Margaret Springer, chairman, assisted by Kathryn Albright, Geneva Johnson and Vivian Bispham.

During the study of "Ming Kwong" which followed, China was shown as "The land of the shadow of death" until 1897, when light shone upon the people of Canton, directed by the first missionary, Robert Morrison, who had been sent out by the London Missionary Society.

By the treaty of Nanking, in 1842, five treaty ports were open to foreigners and in 1876 all China was likewise opened, thus giving wonderfully enlarged opportunities for mission work.

An instrumental solo, "Temple Bells," was well rendered by Kathryn Albright and the program closed with a short reading by Mrs. C. H. Long, which gave a description of the province of Szechwan, as portrayed by an intermediate boy of a mission school. Szechwan is the largest of China's 18 provinces, being about the size of France.

The work period was employed in sewing for hospital needs and closed with the serving of refreshments, after the usual manner.

NEW LAMP BURNS

94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. E. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

During Month of November 33 New Pupils Were Entered

HARRISON MAKES RECORD

Six Rooms in City Schools Report Perfect Punctuality Record

BY W. C. COBB
(Superintendent of City Schools)

During the month of November 33 new pupils entered. The Harrison school, with an average daily attendance of 334, had the best attendance record for the month, or 98 per cent. The Whittier school with an average daily attendance of 214 has the best punctuality record with nine cases of tardiness for the month, or an average of about one and a quarter cases per room. The Harrison school was the next best in punctuality, with an average of about two cases per room. The poorest punctuality record of the entire school system was the eighth grade room at the Washington building, with 21 cases of tardiness for the month. The average number of cases of tardiness in the grades for all the schools was four cases per room for the month.

The following rooms have a perfect punctuality record: R. M. Williams, Lowell; M. R. Hintze, Harrison; Bessie Murphy, Harrison; P. Green, Harrison; L. Barrett, Whittier; normal training department, Washington. These additional rooms had only a single case of tardiness each for the month: Miss Franklin and Miss Larson at Harrison, Miss Austin at Lowell, Miss Pinneo and Miss Lowey at Lincoln, and Miss M. Walsh, Miss Clarke and Miss Sager at the Whittier.

In regard to the punctuality in the entire school system, it is invariably the rule that in rooms or buildings showing an excess of tardiness about 10 per cent of the pupils are responsible for about 90 per cent of the tardiness. The schools would greatly appreciate a stronger effort and a better co-operation from this relatively small number of homes in correcting unnecessary tardiness.

Sometime within the near future the teachers in the high school are hoping to have an opportunity to meet with parents who have children in the high school department, in order to have a frank heart to heart talk with them concerning the problem of the high school boy and girl and how to best secure good student effort and good conduct, both in school and during recreation intervals out of school.

At a recent large public gathering in connection with the dedication of a new high school building, State Inspector Phillips of the department of education, sounded a warning to parents and students of the high schools, based on his observation of high school tendencies throughout the state as a whole. Mr. Phillips stated in language that no one could fail to understand that too large a number of high school boys and girls were loafing on the job, were taking five years to do the work of four, were satisfied to just merely get by, and were too often attending high school more for play and a social good time than for serious study and real preparation for future life work.

If this condition is general throughout the state and country at large, as it undoubtedly is according to the statement of one in a position to know, we would ask the parents of our own city to join with the faculty of the high school and other school authorities in a serious effort, looking toward better student work and more serious preparation for good citizenship.

During Educational Week, parents responded very satisfactorily in nearly all parts of the city in visiting the grade schools but there was a woeful lack of interest manifested in the matter of visiting the high school on the part of parents. A few earnest parents, deeply interested in the welfare of the high school generally as well as in their own children's progress, spent the entire day last week at the high school, but two or three parents is an exceedingly small number for a high school of more than 500 students. State Commissioner McConnell as well as State Inspector Phillips declared that at the present time the high school problem was a more serious one than the school problem in the grades.

We are glad to note the organization within the high school, by the music supervisor of chorus work among the boys as well as among the girls. The high school is making a creditable effort to organize a greater variety of school activities, such as music, dramatics, debating, public

speaking and declaiming in order to offer an opportunity for other talent as well as athletics. The physical training work, including athletics, is moving along in a very satisfactory manner and under capable leadership but there is always the danger that the intense enthusiasm always manifested in athletics may overshadow the interest of pupils as well as adults in other useful and important school activities.

The response in the schools to the Red Cross Annual Roll Call and campaign for funds has been very satisfactory, especially considering the general financial condition locally at the present time. About \$150 has been realized from the contributions from pupils and teachers in all the schools and in the graded schools, especially, nearly every pupil contributed something.

The Thanksgiving contribution on the part of the schools for the benefit of the poor of the city was large as usual, and was distributed through the representatives of the Parent-Teachers' organizations.

The high school has just entered upon the last lap or final six weeks' period of the school semester. In many instances the quality of the work done in this six weeks will determine whether the student will pass or fail in some studies for the half year. Parents are advised to examine the report cards, which have recently been given out with great care. If the student is inclined to excuse himself for low marks with the familiar statement that low marks are about what the others are receiving, don't accept the statement as correct, for it is not true. The average mark in the high school in all of the classes will run from 80 per cent to 85 per cent, or in letters a mark of about C, and if your boy or girl is bringing home marks of D or E, the student is probably shirking on the job and could do better. It would be wise to interview the principal or some of his teachers. The vast majority of pupils of high school grade are of normal mentality. With proper application they could and should be doing creditable and respectable work. Every teacher in the high school is anxious to have your boy or girl do work that is worth while for the time, effort and outlay necessary to keep them in school. The school invites co-operation and personal interviews of parents concerning any unsatisfactory conditions, whether as to scholarship or personal conduct.

CAR AND BUGGY IN COLLISION

One Man in Hospital and Several Others Injured on Thursday Evening

FOUR MILES FROM BRAINERD

Ed Newgord Taken to Northwestern Hospital for Treatment of Injured Eye

One man is in the hospital and several others were injured on Thursday evening between seven and eight o'clock, when an automobile and a buggy collided about four miles west of Brainerd.

It is said that W. T. Conkin was driving the car, and had with him Ed Newgord, of Sioux Rapids, Iowa, who is visiting relatives in the city, and his brother, Carl Newgord. The names of the occupants of the buggy could not be learned.

It is reported that the automobile hit the team, throwing one of the horses. Ed Newgord, who was in the front seat with the driver was struck in the eye, it is thought with a flying bolt. Mr. Conkin received minor injuries and Carl Newgord in the rear seat escaped unhurt.

Ed Newgord was taken to Northwestern hospital for treatment of the affected eye, and it is feared that he may lose the sight of that member.

THE "Y'S" COLUMN

Older Boys' Conference

Next week several boys from the Y. M. C. A. will attend the Older Boys' conference at Duluth. This conference is one of four such conferences being held this fall in different sections of the state under the auspices of the state Y. M. C. A. It is open to boys of the teen ages, sent as delegates from Hi-Y clubs, Sunday schools, Older Boys' clubs and other boys' organizations. The Duluth conference opens with a big banquet for all the fellows on Friday night and closes with a mass meeting of the delegates on Sunday afternoon. This year a departure will be made from the usual method by breaking up the delegates into small sections for conference purposes. About five boys will attend from Brainerd.

Basketball Benefit Games

On Tuesday evening the first game between local basketball teams will be played at the high school gymnasium. The teams to play in this first game are the Y. M. C. A. and the Brainerd Independents. The Independents have already won a game from Pine River high school and are rarin' to go. The initial practice of the Y. M. C. A. team brought out such well known players as Heikinen, Hill, Hess and Thorkildson. The proceeds from this game and the two games to be played later between local teams will be used to purchase steel box lockers for the Y. M. C. A.

Hi-Y Club Has Outing

Several members of the Hi-Y club hiked out to Hubert lake this morning to spend today and tomorrow at the Patterson cottage. This outing was the main topic of discussion at the club meeting last Wednesday evening. Gene Nicholson and Mark Patterson drove out yesterday with the luggage so the hikers will go unencumbered. Among those who are on the hike are Herman Buscher, Mark Patterson, Stewart Gile, Lester Cregger, Guerdon Babcock, Albert Edling and Alfred Dillan.

Thanksgiving Day Race

The runners in the five mile race on Thanksgiving day report that almost every house window along the way was the frame of some person's eager face looking out to see the race.

but not daring to brave the wintry weather by coming outside. The total number of spectators will never be known on account of this. The good sized crowd that filled the street at the Y. M. C. A. perhaps is but a small fraction of the total number. After a hot bath the runners all lined up and received their prizes. When all had been distributed it was found that one box candy remained and by unanimous vote it became a double team prize, the seal was broken, and the runners all broke training in eating the candy.

Girls' Gymnasium Class

A group of girls met at the Y. M. C. A. on Tuesday night to start their basketball practice. This class is to meet every Tuesday evening. The interest shown by this class and the

reported enthusiasm of the girls in the Brainerd high school plus the expressions one hears occasionally about town regarding girls' athletics, emphasize the need for better gymnasium facilities in Brainerd. An over-abundance of such facilities would be as bad as a lack of them, but an adequate provision for a well-regulated gymnasium would go far to put Brainerd to the front in an athletic way.

Junior Young People's Society

The Junior Young People's society of the Bethlehem Lutheran church meets this Friday evening in the church parlors and will be entertained by Mr. and Mrs. O. Dahl and Mr. and Mrs. John Hoston. A good program has been provided. All members are asked to be present and visitors will be welcome.

Older Boys' Conference

Next week several boys from the Y. M. C. A. will attend the Older Boys' conference at Duluth. This conference is one of four such conferences being held this fall in different sections of the state under the auspices of the state Y. M. C. A. It is open to boys of the teen ages, sent as delegates from Hi-Y clubs, Sunday schools, Older Boys' clubs and other boys' organizations. The Duluth conference opens with a big banquet for all the fellows on Friday night and closes with a mass meeting of the delegates on Sunday afternoon. This year a departure will be made from the usual method by breaking up the delegates into small sections for conference purposes. About five boys will attend from Brainerd.

Basketball Benefit Games

On Tuesday evening the first game between local basketball teams will be played at the high school gymnasium. The teams to play in this first game are the Y. M. C. A. and the Brainerd Independents. The Independents have already won a game from Pine River high school and are rarin' to go. The initial practice of the Y. M. C. A. team brought out such well known players as Heikinen, Hill, Hess and Thorildson. The proceeds from this game and the two games to be played later between local teams will be used to purchase steel box lockers for the Y. M. C. A.

Hi-Y Club Has Outing

Several members of the Hi-Y club hiked out to Hubert lake this morning to spend today and tomorrow at the Patterson cottage. This outing was the main topic of discussion at the club meeting last Wednesday evening. Gene Nicholson and Mark Patterson drove out yesterday with the luggage so the hikers will go unencumbered. Among those who are on the hike are Herman Buscher, Mark Patterson, Stewart Gile, Lester Creger, Guerdon Babcock, Albert Edling and Alfred Dillan.

Thanksgiving Day Race

The runners in the five mile race on Thanksgiving day report that almost every house window along the way was the frame of some person's eager face looking out to see the race.

but not daring to brave the wintry weather by coming outside. The total number of spectators will never be known on account of this. The good sized crowd that filled the street at the Y. M. C. A. perhaps is but a small fraction of the total number. After a hot bath the runners all lined up and received their prizes. When all had been distributed it was found that one box candy remained and by unanimous vote it became a double team prize, the seal was broken, and the runners all broke training in eating the candy.

Girls' Gymnasium Class

A group of girls met at the Y. M. C. A. on Tuesday night to start their basketball practice. This class is to meet every Tuesday evening. The interest shown by this class and the girls will be welcome.

reported enthusiasm of the girls in the Brainerd high school plus the expressions one hears occasionally about town regarding girls' athletics, emphasize the need for better gymnasium facilities in Brainerd. An over-abundance of such facilities would be as bad as a lack of them, but an adequate provision for a well-regulated gymnasium would go far to put Brainerd to the front in an athletic way.

Junior Young People's Society

The Junior Young People's society of the Bethlehem Lutheran church meets this Friday evening in the church parlors and will be entertained by Mr. and Mrs. O. Dahl and Mr. and Mrs. John Hoston. A good program has been provided. All members are asked to be present and visitors will be welcome.

Looks as tho' we were clothing Walker and Staples too

Not only does good news travel fast but so do the men who hear it!

Our Kuppenheimer and Sincerity suits at \$30 to \$50 must look pretty good to Staples men for we have delivered dozens in that city this season. Our Overcoats at \$25 to \$50 are walking the streets of Walker and almost every afternoon some new Walkerite walks in.

Our styles—our materials—our prices are powerful enough to make men travel miles, while you, living in Brainerd, only have to walk a few minutes.

Our Kuppenheimer and Sincerity Suits and Oregon City Overcoats tell the tale of three cities!

BARGAIN BASEMENT

We have placed in the Bargain Basement 100 men's suits, sizes 33 to 46. These suits have been divided in two lots.

STILL WAITING FOR LANDIS TO GIVE FACTS

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 28.—Details of the Cozy-Dolan-Jimmy O'Connell scandal, for which the baseball public has been asking since the attempted bribe of a Philadelphia player was made known, probably will remain buried with some other mysteries connected with other scandals.

As long as Commissioner Landis does not volunteer some information as to his reasons for accepting only a part of Jimmy O'Connell's testimony, the details could be forced out only through court action.

Some of the most interesting and most important angles of the 1919 White Sox scandal were not made public until Joe Jackson, one of the barred players, brought suit against the Chicago club for back salary.

Evidence was presented at that time that Charles Comiskey, owner of the White Sox, had offered Jackson a new contract at an increased salary after he had learned that Jackson and his confederates had taken money from the gamblers who wanted to fix the series.

Jackson insists to this day that he didn't have a part in throwing any of the games, but the fact that he had taken money and that his name has been mentioned in the deal was no good reason for Comiskey to desire his presence on the club or to give him an increase in pay.

When Cozy Dolan threatened to sue Commissioner Landis for a share of the world's series money awarded to the New York Giants and for \$100,000 personal damages, it was hoped that some of the details would be forced out.

Landis probably will argue that the details are not important. If they are not important, why are they not made known? If they are important, there are all the more reasons for making them public.

For some reason Dolan seems to have abandoned the plan of seeking the restitution of his money and his good name in court. Little stock can be taken in the report around Broadway that the threat of a suit was just a bluff and that Dolan was bought off by the powers.

It was recently disclosed that Ban Johnson, president of the American League, wanted to give Jackson and the White Sox their share of the award for winning second place in the 1920 pennant race rather than have the case thrown into court. Landis and John Heydler, president of the National League, however, voted against it and accepted the possibility of a suit rather than turn over what might be looked upon as hush money.

If Landis and Heydler, as well as the majority of the club owners of the two major leagues, were willing to have the White Sox case thrown into the courts, there is no reason to believe that they would buy off Dolan, unless there are some angles to the Dolan-O'Connell case that simply couldn't be aired in public.

FIRPO'S FATE BRINGS UP TRAINING PROBLEM

Louis Angel Firpo's case well might be held up as one of the horrible examples in future arguments on the subject—"Is it worth while to train?"

There have been many views expressed on this question in the past and there will be further discussion in the future about the value of intensive work to prepare for athletic competition.

There never has been a doubt that physical condition is essential to success on athletic fields, but there has been a difference in opinion about the methods by which this physical condition can be acquired.

British athletes, who are as carefree about training as any athletes in the world, laugh at the strict training methods of Americans as being something that only takes the joy out of life and removes the fun from competition. It would seem from the results of their competition against Americans that amusement is one of their first purposes in playing games. Perhaps they have the right idea, after all, because they are a healthy nation and apparently happy.

We will never forget the look of consternation and alarm that spread over the faces of American coaches several years ago on the field at the University of Pennsylvania when an English hurdler, one of an Oxford-Cambridge team of invading track stars, came on the field smoking a pipe.

The American coaches did everything but gather their boys around them and rush them away from a contagion.

"They smoke all right, but they'll be smoking dust when they start running," one of the American coaches said.

The smoking hurdler, it is true, did inhale a lot of dust behind the tobacco fumes when he started running, but the other British runners did quite well. If memory is correct, four of them made a new world's relay record.

"What fun do you fellows get out of athletics?" an English runner asked a number of American friends during the Olympic games last summer. He had just knocked off a big schooner of stout and was topping it off with a good smoke. "You live like hermits, sleep like chickens, eat like a dyspeptic and drink like one of your prohibitionists. You deprive yourself of enjoyment for months just for a few minutes' running."

The Americans replied that the fun they got out of athletics was a trip to Paris, and if they didn't train, their places on the team would have been taken by an athlete who did train.

FULTON, REDDY MAY COME HOME

PLASTERER AND MANAGER TO RETURN FOR COURT CHARGES IN SEVERAL WEEKS

Los Angeles, Calif., Nov. 28.—Fred Fulton and his manager, John Reddy, are expected to leave in a few days for their homes in Minneapolis and St. Paul.

Both are out on bond charged with a conspiracy to violate the state boxing laws.

Tony Fuente, Fulton's opponent, and Fred Windsor, manager, were released upon their recognizance.

The charge is that the managers, boxers and also promoters attempted to stage a prize fight, which is contrary to law. But back of the charge is the veiled threat that the alleged fight was not a fight but a fake.

If it was a fake then the charge that the group conspired to violate the state law against boxing cannot appear to hold.

It is expected that the affair may not come up in court for several weeks.

Many witnesses were examined in court yesterday including Referee Earl Mohan, Tommy Ryan, and others, all of whom stated that Fulton went down without being hit.

Is English Love as Great as Latin?

Are English natures capable of as great love as Latin? The interesting question was brought up by Elinor Glyn, when she was at the Goldwyn studios where she aided Director Alan Crosland in filming her novel, "Three Weeks," which will be the attraction at the New Park on Monday, Tuesday and Wednesday. Mrs. Glyn points out that in Latin coun-

tries there have been countless cases of supreme passionate loves, which have made history—but in English speaking countries this is very rare. She states she often used to wonder if it was because Englishmen were naturally cold, or because English women were not capable of inspiring the great passions.

LESTER PETERSON WINS FIVE MILE RACE THURSDAY

LARGE CROWD SEES Y. M. C. A. RUNNERS TAKE FIRST FOUR PLACES

Y. M. C. A. AND HIGH SCHOOL END SERIES OF RACES

Pulling into the lead within the last two blocks, Lester Peterson again demonstrated his athletic ability by taking first place in the five mile race held yesterday morning and by so doing, keeping his record unimpaired for the series. Peterson won first place in every race held this fall between the Y. M. C. A. and high school, scoring a perfect score of 100 points. Dillan finished the series in second place, trailing Peterson in every race and garnering 90 points.

The long trek began on scheduled time on Thanksgiving day, and a fairly large crowd saw the start. Eight men took the mark when Chief of Police Gaskill gave the signal to go. The touch of winter in the air and the light snow on the ground added an interest to the race which would have been missing in fairer weather, but made it harder for the racers. As the men rounded the corner by Gruenhagen's farm and started north, they faced a driving wind that slowed them up and made their breathing hard. Considering the weather, the time made by the runners was remarkable. Peterson crossed the lines just thirty-one minutes and thirty-four seconds after the start.

Every man who started the race finished, running the whole way. Drake was absent when the start was made and the others were several blocks on their way when he put in an appearance at the Y. M. C. A. Without hesitating he began the grind and finished in sixth place. Had he started with the rest, it is likely that the positions of several of the men would have been altered. Thorildson and Gile ran abreast to within the last block, when the former spurred and placed fourth.

Credit must be accorded the high school runners, especially Marshall, who finished last. Over half a mile behind the next man, he kept plugging at the job with no thought to quit and completed the roll-call of those who finished under their own power.

Peterson received a pair of Converse All-Star basketball shoes for winning, these shoes being the donation of the John M. Bye Clothing Co. The first high school runner to finish, Stewart Gile, received a pair of Grip-Sure basketball shoes donated by John Carlson & Son. Second prize was won by Alfred Dillan, a Yale flashlight given by the Perry Hardware Co. Gerhart Flaata won a Plumb Scout axe, given by Alderman-Maghan Co. The other runners received boxes of candy, these prizes being donated by the DeSmidt candy store, Olympia Candy Kitchen, Brainerd Candy Kitchen, Louis Hohman and the Economy Drug Co.

The order in which the runners finished is as follows:

	Total Points
1. Lester Peterson, Y. M. C. A.	100
2. Alfred Dillan, Y. M. C. A.	90
3. Gerhart Flaata, Y. M. C. A.	83
4. H. Thorildson, Y. M. C. A.	59
5. Stewart Gile, H. S.	55
6. Harry Drake, H. S.	56
7. James Mayo, H. S.	16
8. R. Marshall, H. S.	21

Shirley Mason in "Love Letters," Excellent Film

Shirley Mason has another good performance to her credit in the Fox production, "Love Letters," which began a two day run at the Lyceum yesterday. David Solomon, who directed "Kentucky Days" and also made "South Sea Love," the latter starring Shirley Mason, has achieved another masterly bit of workmanship in his latest effort.

The photography comes in for deserved praise, many scenes being of charming composition. But, after all, it is the story upon which a photograph depends for value as amusement. And in this respect "Love Letters" is not found wanting. Of course, with such a title, it is hardly necessary to state that the love element is prominent. But in addition there is a mystery, well developed, with a surprising climax. By all means, see the picture at the Lyceum tonight. You'll like it.

Answering the above letter, we, the makers of Joint-Ease, know that what this thriving New Jersey druggist says is true, but we still maintain that Joint-Ease is prepared for stiff, inflamed, painful, swollen joints, whether in ankle, knee, hip, elbow, shoulder, fingers or spine. NOTICE OF REAL ESTATE MORTGAGE FORECLOSURE SALE

Default having been made in the conditions of that certain real estate mortgage duly made, executed and delivered by Henry E. Kundert and Max Kundert, his wife, and Robert E. Snell and Bridget Snell, his wife, mortgagors, to John O. Hanchett, mortgagee, bearing date on the 15th day of November, A. D. 1919, with a power of sale therein contained, and duly filed for record in the office of the Register of Deeds in and for the County of Crow Wing and State of Minnesota, on the 19th day of November, A. D. 1919, at 12 o'clock noon of said day, and duly reconveyed therein in Book 27 of Mortgages on Page 62.

That the default under said mortgage consists in this, the failure on the part of the mortgagors to pay the installment of interest of Five Hundred Forty (\$540.00) Dollars, due on the 15th day of November, 1923, and the further installment of interest of Five Hundred Forty (\$540.00) Dollars, due on the 15th day of November, 1924, and the failure to pay the principal mortgage debt and note of Five Thousand (\$5,000.00) Dollars, due and payable on the 15th day of November, 1924, and that under the terms of said mortgage and by reason of said default, the whole of said mortgage debt is now due and payable.

And Whereas, there is claimed to be due and is now due on said mortgage, including principal and interest, at the date of this notice, the sum of Ten Thousand (\$10,000.00) Dollars;

And Whereas, no action or proceedings have been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof.

NOW THEREFORE Notice is hereby given that by authority of the power of sale in said mortgage contained therein pursuant to the statute in such case made and provided, said mortgage will be foreclosed by a sale of the mortgaged premises described in and conveyed by said mortgage, to-wit:

All that tract or parcel of land lying and being in the County of Crow Wing and State of Minnesota, and described as follows, to-wit: The West Half (W 1/2) of Section Twenty-seven (27), in Township One Hundred and Thirty-eight (138), North of Range Twenty-eight (28) West, containing Three Hundred and Twenty (320) acres, more or less, according to the government survey thereof, together with all the hereditaments and appurtenances thereto belonging or in anywise appertaining, which sale will be by the Sheriff of said County of Crow Wing and State of Minnesota, at the front door of the Court House in the City of Brainerd, County of Crow Wing and State of Minnesota, on the 17th day of January, A. D. 1925, at the hour of ten o'clock in the forenoon of that day at public vendue to the highest bidder for cash, to satisfy and to pay the said debt now due as aforesaid, to-wit: the sum of Ten Thousand and One Hundred Twelve and 40/100 (\$10,112.40) Dollars, with interest thereon at the rate of six per cent (6%) per annum from the date hereof, together with the sum of Fifty Dollars (\$50.00) attorney's fees, as provided for in said mortgage and by law, and together with the costs and disbursements of said foreclosure and sale as allowed by law.

STILL WAITING FOR LANDIS TO GIVE FACTS

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 28.—Details of the Cozy-Dolan-Jimmy O'Connell scandal, for which the baseball public has been asking since the attempted bribe of a Philadelphia player was made known, probably will remain buried with some other mysteries connected with other scandals.

As long as Commissioner Landis does not volunteer some information as to his reasons for accepting only a part of Jimmy O'Connell's testimony, the details could be forced out only through court action.

Some of the most interesting and most important angles of the 1919 White Sox scandal were not made public until Joe Jackson, one of the barred players, brought suit against the Chicago club for back salary.

Evidence was presented at that time that Charles Comiskey, owner of the White Sox, had offered Jackson a new contract at an increased salary after he had learned that Jackson and his confederates had taken money from the gamblers who wanted to fix the series.

Jackson insists to this day that he didn't have a part in throwing any of the games, but the fact that he had taken money and that his name has been mentioned in the deal was no good reason for Comiskey to desire his presence on the club or to give him an increase in pay.

When Cozy Dolan threatened to sue Commissioner Landis for a share of the world's series money awarded to the New York Giants and for \$100,000 personal damages, it was hoped that some of the details would be forced out.

Landis probably will argue that the details are not important. If they are not important, why are they not made known? If they are important, there are all the more reasons for making them public.

For some reason Dolan seems to have abandoned the plan of seeking the restitution of his money and his good name in court. Little stock can be taken in the report around Broadway that the threat of a suit was just a bluff and that Dolan was bought off by the powers.

It was recently disclosed that Ban Johnson, president of the American League, wanted to give Jackson and the White Sox gang their share of the award for winning second place in the 1920 pennant race rather than have the case thrown into court. Landis and John Heydler, president of the National League, however, voted against it and accepted the possibility of a suit rather than turn over what might be looked upon as hush money.

If Landis and Heydler, as well as the majority of the club owners of the two major leagues, were willing to have the White Sox case thrown into the courts, there is no reason to believe that they would buy off Dolan, unless there are some angles to the Dolan-O'Connell case that simply couldn't be aired in public.

FIRPO'S FATE BRINGS UP TRAINING PROBLEM

Louis Angel Firpo's case well might be held up as one of the horrible examples in future arguments on the subject—"Is it worth while to train?"

There have been many views expressed on this question in the past and there will be further discussion in the future about the value of intensive work to prepare for athletic competition.

There never has been a doubt that physical condition is essential to success on athletic fields, but there has been a difference in opinion about the methods by which this physical condition can be acquired.

British athletes, who are as carefree about training as any athletes in the world, laugh at the strict training methods of Americans as being something that only takes the joy out of life and removes the fun from competition. It would seem from the results of their competition against Americans that amusement is one of their first purposes in playing games. Perhaps they have the right idea, after all, because they are a healthy nation and apparently happy.

We will never forget the look of consternation and alarm that spread over the faces of American coaches several years ago on the field at the University of Pennsylvania when an English hurdler, one of an Oxford-Cambridge team of invading track stars, came on the field smoking a pipe.

The American coaches did everything but gather their boys around them and rush them away from a contagion.

"They smoke all right, but they'll be smoking dust when they start running," one of the American coaches said.

The smoking hurdler, it is true, did inhale a lot of dust behind the tobacco fumes when he started running, but the other British runners did quite well. If memory is correct, four of them made a new world's relay record.

"What fun do you fellows get out of athletics?" an English runner asked a number of American friends during the Olympic games last summer. He had just knocked off a big schooner of stout and was topping it off with a good smoke. "You live like hermits, sleep like chickens, eat like a dyspeptic and drink like one of your prohibitionists. You deprive yourself of enjoyment for months just for a few minutes' running."

The Americans replied that the fun they got out of athletics was a trip to Paris, and if they didn't train, their places on the team would have been taken by an athlete who did train.

FULTON, REDDY
MAY COME HOMEPLASTERER AND MANAGER TO
RETURN FOR COURT CHARGES
IN SEVERAL WEEKS

Los Angeles, Calif., Nov. 28.—Fred Fulton and his manager, John Reddy, are expected to leave in a few days for their homes in Minneapolis and St. Paul.

Both are out on bond charged with a conspiracy to violate the state boxing laws.

Tony Fuente, Fulton's opponent, and Fred Windsor, manager, were released upon their recognizance.

The charge is that the managers, boxers and also promoters attempted to stage a prize fight, which is contrary to law. But back of the charge is the veiled threat that the alleged fight was not a fight but a fake.

If it was a fake then the charge that the group conspired to violate the state law against boxing cannot appear to hold.

It is expected that the affair may not come up in court for several weeks.

Many witnesses were examined in court yesterday including Referee Earl Mohan, Tommy Ryan, and others, all of whom stated that Fulton went down without being hit.

Is English Love as Great as Latin? Are English natures capable of as great love as Latin? RACE THURSDAYLARGE CROWD SEES Y. M. C. A.
RUNNERS TAKE FIRST
FOUR PLACESY. M. C. A. AND HIGH SCHOOL
END SERIES OF
RACES

Pulling into the lead within the last two blocks, Lester Peterson again demonstrated his athletic ability by taking first place in the five mile race held yesterday morning and by so doing, keeping his record unimpaired for the series. Peterson won first place in every race held this fall between the Y. M. C. A. and high school, scoring a perfect score of 100 points. Dillan finished the series in second place, trailing Peterson in every race and garnering 90 points.

The long trek began on scheduled time on Thanksgiving day, and a fairly large crowd saw the start. Eight men toed the mark when Chief of Police Gaskill gave the signal to go. The touch of winter in the air and the light snow on the ground added an interest to the race which would have been missing in fairer weather, but made it harder for the racers.

As the men rounded the corner by Gruenhagen's farm and started north, they faced a driving wind that slowed them up and made their breathing hard. Considering the weather, the time made by the runners was remarkable. Peterson crossed the lines just thirty-one minutes and thirty-four seconds after the start.

Every man who started the race finished, running the whole way. Drake was absent when the start was made and the others were several blocks on their way when he put in an appearance at the Y. M. C. A. Without hesitating he began the grind and finished in sixth place. Had he started with the rest, it is likely that the positions of several of the men would have been altered. Thorildson and Gile ran abreast to within the last block, when the former spurred and placed fourth.

Credit must be accorded the high school runners, especially Marshall, who finished last. Over half a mile behind the next man, he kept plugging at the job with no thought to quit and completed the roll-call of those who finished under their own power.

Peterson received a pair of Converse All-Star basketball shoes for winning, these shoes being the donation of the John M. Bye Clothing Co. The first high school runner to finish, Stewart Gile, received a pair of Grip-Sure basketball shoes donated by John Carlson & Son. Second prize was won by Alfred Dillan, a Yale flashlight given by the Perry Hardware Co. Gerhart Flaata won a Plumb Scout axe, given by Alderman-Maghan Co. The other runners received boxes of candy, these prizes being donated by the DeSmidt candy store, Olympia Candy Kitchen, Brainerd Candy Kitchen, Louis Hohman and the Economy Drug Co.

The order in which the runners finished is as follows:

	Points	Total
1. Lester Peterson, Y. M. C. A.	40	100
2. Alfred Dillan, Y. M. C. A.	36	90
3. Gerhart Flaata, Y. M. C. A.	32	63
4. H. Thorildson, Y. M. C. A.	28	59
5. Stewart Gile, H. S.	24	55
6. Harry Drake, H. S.	20	56
7. James Mayo, H. S.	16	16
8. R. Marshall, H. S.	12	21

The total score for the Y. M. C. A. in the whole series of races is 327 while the high school total is 208.

That the default under said mortgage consists in this, the failure on the part of the mortgagors to pay the installment of interest of Five Hundred Dollars (\$500.00) due on the 15th day of November, 1923, and the further installment of interest of Five Hundred Dollars (\$500.00) due on the 15th day of November, 1924, and the failure to pay the principal mortgage debt and note of Five Thousand Dollars (\$5,000.00) due and payable on the 15th day of November, 1924, and that under the terms of said mortgage and by reason of said default, the whole of said mortgage debt is now due and payable.

And Whereas, there is claimed to be due and is now due on said mortgage, including principal and interest, at the date of this notice, the sum of Ten Thousand One Hundred Twelve and 40/100 Dollars (\$10,112.40).

And Whereas, no action or proceedings have been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof, the mortgagee hereby gives notice that he is now foreclosing by sale of the premises described in and conveyed by said mortgage, to-wit:

All that tract or parcel of land lying and being in the County of Crow Wing and State of Minnesota, and described as follows, to-wit: The West Half (W 1/2) of Section Twenty-seven (27), in Township One Hundred Thirty-two (132), North of Range Twenty-eight (28), West, containing Three Hundred and Twenty (320) acres, more or less, according to the government survey thereof, together with all the hereditaments and appurtenances thereto belonging or in anywise appertaining, which sale will be made by the Sheriff of said County of Crow Wing and State of Minnesota, at the front door of the Court House in the City of Brainerd, County of Crow Wing and State of Minnesota, on the 17th day of January, A. D. 1925, at the hour of ten o'clock in the forenoon of that day at public vendue to the highest bidder for cash, to satisfy and to pay the said debt now due as aforesaid, to-wit: the sum of Ten Thousand One Hundred Twelve and 40/100 (\$10,112.40), Dollars, with interest thereon at the rate of six per cent (6%) per annum from the date hereof, together with the sum of Fifty Dollars (\$50.00) attorney's fees, as provided for in said mortgage and by law, and together with the costs and disbursements of said foreclosure and sale as allowed by law.

Dated this 26th day of November, A. D. 1924.
